Boyden Interim Management Provides Talent on Demand!

We are already into February of the New Year, and I bet you have a list of projects and goals that are already eating away at you. Now is the time to take the reins and get moving before another month slips by. Why not consider bringing in some top-notch talent to get that project jumpstarted so you and the rest of the team can focus on day-to-day operations? The market is coming back and the best and the brightest are becoming deployed, the time is now!

Boyden Interim Management (BIM) is here to help! We provide qualified and experienced *talent on demand* – where and when you need it. We keep our overhead low allowing us to provide you the most aggressive pricing you will find. Our contract resources can be on site ready to work in a matter of days. And, whenever you need to release them it's as easy as a simple email to us – no bench / severance costs or any of the usual hassles that go along with releasing a permanent resource.

BIM specializes in seven functional areas. Our resources have delivered results in each of these areas:

1. **FINANCE:** A financial integration project for a recent acquisition that had to get done quickly and effectively.
2. **HUMAN RESOURCES:** Union contract negotiation; annual comp & benefits review.
3. **SALES & MARKETING:** Reinvention of a sales strategy to remain competitive
4. **SUPPLY CHAIN:** Design & implement overall distribution strategy for costly business unit.
5. **OPERATIONS:** Implementation of LEAN and Six Sigma; Re-engineering of multiple manufacturing sites.
6. **IT:** A large, mission critical software/hardware implementation.
7. **C-Suite:** Interim President to determine if investment,

divestiture, or right-sizing was in order.

Let's get moving! Call me now and we can discuss how BIM can help you have a successful 2010! You can reach me any time at **412.756.1000** or ccavanagh@boyden.com.
